The Merx logo consists of the word "merx" in a lowercase, sans-serif font, followed by a stylized graphic element resembling a lowercase 'x' or a pair of wings. The logo is white and is set against a solid orange rectangular background.

Merx was appointed to act as Project Manager, Construction Manager and Cost Manager for their new office at Level 34 Millenia Tower. Merx acts on behalf of Glencore Singapore to manage and control all aspects of the project. The total floor area taken by Glencore was just over 18,000ft<sup>2</sup>. Merx will also manage the reinstatement of their office at L25 Centennial Tower. The project schedule allowed for a long lead time on the concept design and detailed design phase due to the early appointment of consultants and changes required from the client side.
