1500 shelters

The Merx logo consists of the word "merx" in a lowercase, sans-serif font, with a stylized flame or spark symbol above the letter 'x'. The logo is white and is set against a solid orange rectangular background.

Clear Channel is a Fortune 500 company listed on the NYSE in the USA. Their core business is the ownership of radio stations in all states of the USA, along with many other business activities linked to advertising and promotion of events and well-known performers. As part of the Clear Channel group, there is a company called Adshel, who own and operate bus shelters, taxi stands and other forms of street furniture around the world.

In this entity Merx Construction Management acted as the Logistics and Installation Project Managers for the shelters. Merx's role was then extended and Merx are still engaged on the project directly under Clear Channel Singapore to assist in the management and installation of the second type of shelters, known as the RSP.
