Brightpoint ME
10 Stores

Brightpoint undertook a project in Oman as lead consultants to design and build over 10 retail outlets for newly licensed Oman tele-communications provider, Nawras Telco. Merx were engaged by Brightpoint Projects team to provide project management services and lead the delivery of the projects.

Merx, provided services in the role of project manager, controlled the project programme and budget, interfaced with the landlord, managed the design, site visits and inspections, verified contractor plans, identified discrepancies variations, supplier management and project schedule management.
