The Merx logo consists of the word "merx" in a lowercase, sans-serif font, followed by a stylized graphic element resembling a flame or a spark.

Merx was appointed as Project Manager and Cost Manager for this "High Level" Corporate Office Refurbishment & Fitout project on 2 levels. The project had to be coordinated and managed in a "live environment" with no disruption to the clients' day to day operational business activity. The design incorporated refurbishment of the existing pantry and breakout area, new meeting rooms and video/conference rooms with sound attenuation, new warehouse and open floor workstation area. The project was completed in a period of 4 months, ahead of programme, and also within budget.
